PROFESSIONAL EXPERIENCE

MERN Stack Developer *Shine DeSIGN Infonet – Mohali, Punjab* **Jan 2023 – Present**

- ❖ Built feature-rich CRM, survey, and video solutions using MERN stack and Laravel.
- ❖ Designed APIs, dashboards, and secure user management tools for healthcare clients.
- ❖ Worked across frontend/backend, with hands-on integrations like Zoom, Firebase, and real-time streaming.

Full Stack Intern *Shine DeSIGN Infonet* **Sep 2022 – Dec 2022**

- ❖ Created testing tools and healthcare platforms using **React**, **Laravel Blade**, **MySQL**, and **MongoDB**.
- ❖ Delivered production-ready components with real-user feedback and continuous iteration.

PROJECTS

❖ RTMP Streaming Server with HLS

Built a live video streaming system using **Nginx RTMP**, converting streams to **HLS format**. Displayed videos via **React Player**, managing both server config and UI.

❖ Mic & Camera Testing Tool

Created a Zoom-based testing tool for healthcare professionals using **React + Redux**, **Laravel Blade**, and **JWT auth** with email verification.

❖ Zoom SDK Integration Platform

Integrated Zoom SDK in a React app with **Node.js backend** to handle dynamic meetings, user identities, grid view (via Chrome APIs), and multilingual support.

❖ Survey Builder

Built a customizable **form builder** with dynamic questions, styling, response tracking, and shareable links. Backend stored and analyzed survey data in real time.

❖ CRM System with Email Tracking

Developed a **CRM dashboard** with campaign tools, email tracking, user group segmentation, and activity analytics. Used **Firebase**, **MongoDB**, and **Laravel APIs**.

❖ OneSource – HCP Educational Platform

Created an educational platform for doctors and professionals to access webinars, content, and surveys. Used **React.js**, **Laravel**, **MongoDB**, and **MySQL**, with JWT-authenticated access and robust user dashboards.
